

## PERTINENT EXCERPTS FROM THE CALIFORNIA CODES

### INTRODUCTION

Sections 10000 - 10580 of the Business and Professions Code comprise the Real Estate Law, and Sections 11000 - 11200 (the Subdivided Lands Law) define the Real Estate Commissioner's jurisdiction over subdivisions and the responsibilities in connection therewith. The full text of these statutes appear in Part One of this book. There are other portions of the various California codes with which real estate licensees ought to be familiar. As a general reference, this part of the book sets forth some of these pertinent statutes.
